

# Follow Up Care

**Regional Member Care Coordinators will ensure AGWM member care resources are provided to all affected persons (as needed):**

- Counseling
- Property Insurance Claim Assistance
- Health Insurance Claim Assistance
- Emergency Medical Evacuation

**It may be beneficial for the TL to contact Ed Nye, or regional safety/security coordinator, to conduct a residential security assessment and recommended enhanced security measures.**

**Following the event:**

- Take photos of the damage.
- Contact the embassy to alert them of any trends.
- Note any credit cards or sensitive documents missing that would allow bank access or identity theft.
- Contact pertinent people about stolen items (bank, STL, AGWM insurance specialist to make a claim, etc.)
